

MCE 2021 Known & Grown STL Communications Spring Semester Internship

[Known & Grown STL](#)'s mission is to build a resilient, equitable food community by supporting and promoting our network of farmers within 150 miles of St. Louis that use humane, chemical-free practices and spreading awareness about why these farmers and their practices are important.

Internship Goal: Promote farmers, provide logistical support, and collaborate with the Known & Grown team on strategies to navigate the evolving challenges of the Covid-19 pandemic.

Internship tasks include:

- Creating graphics to promote the work of farmers in our network and to educate the public
 - Researching information on best farming practices to include in graphics
- Communication with farmers regarding sales and promotional opportunities
- Documenting and tracking data
- Educating the public on what Known & Grown means and how our farmers are different from other "local" options.
- As needed, assist with managing the logistics of matching farmer products with buyers
- Attending weekly team meetings
- Assist with planning and logistics of Farmer Advisory Committee meetings, including note taking
- Collaborate with Known & Grown staff to brainstorm promotions

An Ideal Candidate:

- Can be nimble and flexible
- Has experience using Canva
- Has excellent communication skills
- Is passionate about the food system

Hours and Expectations

- 8-12 hours per week
- Internship is remote and virtual
- Reports to Rae Miller and Jenn DeRose
- Class credit available where applicable
