

**BOARD INTEREST FORM**

Missouri Coalition for the Environment (MCE) recently celebrated 50 years of environmental action. As we prepare for the next 50 years, we are looking to build a more diverse and inclusive statewide board that can help MCE address the environmental challenges of our day with the communities who are most affected. The current tasks before the board are to engage in strategic planning that considers:

- the current state of our natural resources, including air, water, and soil quality, especially in light of the devastating effects of climate change;
- racial, economic, and social justice, especially in the form of equitable access to our natural resources, including clean water, healthy food, and open space;
- the fluctuating regulatory and legal frameworks that have provided varying levels of environmental protection over the last 50 years, many of which are currently being dismantled and/or challenged;
- the growth of MCE from a volunteer-led organization in 1969 to a professionally staffed one with a 50-year reputation for holding government and polluters accountable; and
- securing the long-term financial security to be effective for the next 50 years.

Thank you for your interest in joining MCE's Board of Directors. We will contact you should you be selected for an interview. Your information will be kept confidential.

<b>Name</b>	
<b>Home Address</b>	
<b>Phone</b>	<b>2<sup>nd</sup> Phone</b>
<b>Email</b>	

**Tell us about what you do** - your work, your professional and volunteer affiliations, or anything else that would be relevant.

**Please list your skills and interests** (e.g. strategic planning, fundraising, public speaking, organizational development, IT, marketing and media relations)

MCE seeks to develop and maintain a board that represents the diversity of all communities in our state. Please share any perspectives or aspects of your personal background that you would bring to MCE that haven't been mentioned above.

**Please attach resumé or CV to this application.**
